

Circular cups

ARE COMING TO CAMPUS

We are **ditching disposable cups**
in our cafes and coffee shops

We aim to be **single-use plastic free** by 2024 and are phasing out disposable cups in our cafés replacing them with **free to use** circular cups

Simply scan the **QR code** to download the **CLUBZERO app** or search CLUBZERO on the App Store or on Google Play

Ask your barista for your drink in a **CLUBZERO cup**. They will scan your app and make your drink!

When finished, scan your cup and drop it off into one of the **yellow boxes** - you don't even need to wash it up!

• convenient • sustainable • zero-waste • free •
