Why us?

Professional

We provide a full service, including set up, clear up, and even assist with event organisation. Our team of event managers and head chef tailor their services to your specific needs and budget.

Safe

We take allergens and food hygiene seriously, ensuring that all necessary precautions are taken to provide safe food options. This commitment to safety is essential for the well-being of event attendees.

Delicious

Our commitment to sourcing high-quality, fresh, and locally produced ingredients ensures that the food we serve is not only sustainable but also delicious.

Convenient

Our events team will look after all your catering needs so you can focus on the rest of your event

Ethical & Sustainable

We reduce our environmental impact through delivering a primarily plant-based & disposable free hospitality service mainly on foot! (when not possible we use electric vehicles).

How to book?

Go to <https://ucl.hospitalitybookings.com> to book an event.

Log in to our booking system and have:

- A room booking reference number.
- A valid PTAE code.
- Date and time

The Project, Task, Award and Expenditure (PTAE) codes must be separated by a hyphen(-) with no spaces in between. The general expenditure code for food and drinks is 22151.

Eg: XXXXXX-XXX-XXXXXX-22151

However, please be aware that not all Projects (P) or Awards (A) codes allow the 22151 expenditure code. Hence, upon booking please ensure that the full PTAE code is valid and not just the PTA. If it is incorrect, we will need to contact you at the end of the month for a new PTAE code.

Please book furniture and cleaning for your catering event via the Room Bookings team as we do not provide this service.

Email:
roombookings@ucl.ac.uk

We kindly request the following notice for hospitality orders:

Beverages: 3 Full Working Days

Food: 5 Full Working Days

Dietary Requirements

Let us know in advance of any special dietary requirements, allergies and intolerances. All hospitality events will be provided with a full allergen matrix. Please be aware all our food items are prepared in a kitchen that contains all allergens and we cannot guarantee completely free of allergen traces. Click here to view our full [T&C's](#).

Steps for Sustainability

Reducing our impact

We reduce our environmental impact through delivering a primarily disposable free hospitality service mainly on foot!

Donate un-needed food

Sometimes plans change and less people show up than registered. Let us know during delivery and so we can donate any excess portions to St Mungo's Homeless Hostel. Help us feed bellies not bins.

Powered by plants

We support the UCL campaign 'Powered by Plants' to reduce your department's carbon footprint. Switching to a plant-based meal can help cut emissions, save water, and protect biodiversity. [Sign your department up to the pledge](#) and switch to fully plant-based catering.
